Purge Parasitis Program

LET'S GET WITH "THE PROGRAM"

We developed the Purge Parasitis Program as a thorough, evidence-based approach for the eradication and elimination of multiple parasitic and fungal species.

Parasites are tenacious, opportunistic organisms which can take hold in diverse environments throughout the body. There is no "magic pill" or overnight cure for parasitic infection; however, with our program and your discipline, we'll beat this together.

Our 33-day program exposes the vulnerability of parasites to botanical agents, throughout the duration of their life cycles and propagation through eggs or spores.

THINKING OUTSIDE THE BOX

The rigorous nature of this month-long program also impacts the intestinal microbiome. We strongly recommend a 30-day supply of Probiotics Urgency, from the refrigerated section of your favourite store, to complete our program. Formulated with 50 billion live active cells spanning ten well-researched probiotic strains, Probiotics Urgency helps replenish and maintain healthy intestinal flora. It features non-GMO plant-sourced capsules protected from harsh stomach acid with our naturally-sourced GPS™ enteric coating. This ensures gastric survival for targeted release within the intestines for your fresh start.

SUPPLEMENTS FOR OUR ACTION PLAN!

The botanical backbone of our program, Purge Parasitis is formulated with 12 natural ingredients for a broad-spectrum approach to parasitic infection.

The program includes additional amounts of three key ingredients: Black Walnut Green Hull, Wormwood, and Cloves, known to accelerate eradication of parasites and to help relieve flatulence and bloating, two common occurrences with parasite expulsion.

Fiber Ultra Rich Psyllium + Inulin is an essential part of the program. As a bulk-forming laxative, it speeds up bowel function critical for timely expulsion of both dead and living parasites, their eggs, and toxins.

PROGRAM DIRECTIONS

For 30 days:

Before Breakfast

- 2 capsules of Purge Parasitis
- 1 capsule of Black Walnut Green Hulls
- 1 capsule of Wormwood
- 1 capsule of Cloves

Before Lunch

- 2 capsules of Purge Parasitis
- 2 capsules of Black Walnut Green Hulls
- 1 capsule of Wormwood
- 1 capsule of Cloves

Before Dinner

- 2 capsules of Purge Parasitis
- 1 capsule of Black Walnut Green Hulls
- 1 capsule of Wormwood
- 1 capsule of Cloves

Probiotics Urgency: Take one capsule per day with or without food. This helps maintain healthy intestinal flora throughout the duration of the program.

Fiber Ultra Rich Psyllium + Inulin: Take 1 teaspoon twice daily in-between meals (at least 2 hours before or after) with a full glass (250 ml) of liquid.

After 30 days:

Take the remaining capsules of Wormwood and Cloves as described above. Keep using Fiber Ultra Rich Psyllium + Inulin until the bottle is empty.

FIBER ULTRA RICH PSYLLIUM + INULIN POWDER

Ingredients:

Psyllium (*Plantago ovata*) husk, roselle (*Hibiscus sabdariffa*) flower, licorice (*Glycyrrhiza glabra*) root, stevia (*Stevia rebaudiana*) leaf, inulin (from chicory root [*Cichorium intybus*]), clove (*Syzygium aromaticum*) flower bud.
