

Organic Castor Oil

TIME-HONOURED SKIN CARE
COMMON WARTS · AGE SPOTS
SEBORRHEA · ITCHY AND ROUGH SKIN

100% PURE • COLD-PRESSED • HEXANE-FREE

WHAT IS CASTOR OIL?

Castor oil is pressed from the seeds of the castor plant, *Ricinus communis*. The plant is known for its large, hand-shaped leaves and striking seed clusters. Its traditional name, *Palma Christi*, means “palm of Christ,” a reference to the plant’s distinctive leaf shape and long-standing place in traditional skin care.

NEW ROOTS HERBAL ORGANIC CASTOR OIL IS:

- ✓ 100% pure *Ricinus communis* seed oil
- ✓ Cold-pressed—mechanically pressed without using heat which can compromise the oil
- ✓ Hexane-free—no chemical solvents used for extraction
- ✓ Free from common allergens
- ✓ Made in Canada
- ✓ ISO 17025—accredited laboratory-tested

TARGETED APPLICATIONS

Its naturally rich, thick texture helps it stay on warts, age spots, or patches of seborrhea, specifically targeting affected areas.

CONSISTENCY MATTERS

For warts, apply daily for at least three weeks. Results with topical skin care can take time, especially when working with visible surface concerns such as age spots or flaking, inflamed skin.

KNOW YOUR SKIN SPOTS

Have new, changing, bleeding, or unusual spots checked before applying topical products.

- ✓ **TREATS SEBORRHEA, WHICH IS KNOWN FOR ITCHING, FLAKING, SCALING, AND REDDISH SKIN**
- ✓ **FADES AGE SPOTS**
- ✓ **HELPS REMOVE COMMON WARTS**
- ✓ **RELIEVES ITCHY SKIN**
- ✓ **SOFTENS DRY, ROUGH SKIN PATCHES**
